

Utensil Holder

Can Craft

Materials:

- Empty, clean can (save the label as a template)
- Printout of any pattern you'd like on the utensil holder
- Ruler
- Scissors
- Pen or pencil
- Double-sided tape

Directions:

1. Place the can label on the back of your pattern/design, and use the ruler to help you draw straight lines around the edges.
2. Cut out along the drawn lines.
3. Place double-sided tape on the pattern/design, on the back along one short end. Affix to can.
4. Repeat with other short end and wrap around can to affix

Tip: Use a smooth edge can opener to ensure there are not sharp edges.
